## University of California at San Diego Medical Center Implements ProClick™ Materials Management and Accounts Payable

Raleigh, NC – November 16, 2007 – **University of California at San Diego Medical Center (UCSDMC)**, a single hospital system operating multiple sites in San Diego and La Jolla has fully implemented ProClick Materials Management and Accounts Payable. UCSDMC is licensed for 505 beds.

The implementation was all encompassing and included data conversion, interfaces to both ORSOS and PYXIS, use of handheld devices, and a full complement of EDI transactions (850, 855, 856, 832, 810). All of this work was provided by MediClick as part of the total implementation fee.

David Browning, Director of Supply Chain Services for UCSDMC went out of his way to complement the entire team from MediClick. "Everyone that we worked with from MediClick was outstanding. They ensured that we implemented successfully. I have offered to be a reference site whenever they need one."

"University of California at San Diego Medical Center is among the premier teaching hospitals in the nation and has a proud tradition of providing the highest quality patient care to its population," says Mike Merwarth, President of MediClick. "We are excited about partnering with the supply chain team to meet its goal of lowering materials costs while continuing to support the hospital's track record of exemplary clinical services."

About **MediClick**, Inc. ([www.mediclick.com](http://www.mediclick.com))

Based in Raleigh, North Carolina, **MediClick** provides comprehensive, next-generation, materials management and financial applications designed for the unique supply-chain and financial needs of both individual acute care facilities and large, complex IDN's.
